### What does the fund invest in?

The fund's investment objective is to provide a high level of income and sustained capital growth. The fund invests directly, or indirectly through investments in securities of other mutual funds or through the use of derivatives, in a diversified portfolio composed mainly of fixed-income securities of Canadian issuers with various maturities and credit ratings. It is expected that investments in foreign securities will not exceed approximately 30% of the fund's net assets.

The charts below give you a snapshot of the fund's investments on March 31, 2023. The fund's investments will change over time.

#### Top 10 Investments (as at March 31, 2023)

This information is not available because this fund is new.

#### Investment Mix (as at March 31, 2023)

This information is not available because this fund is new.

### How risky is it?

The value of the fund can go down as well as up. You could lose money. One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

### Risk rating

NBI has rated the volatility of this fund as **low**.

Because this is a new fund, the risk rating is only an estimate by NBI. Generally, the rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the Risk section of the fund's simplified prospectus.

### No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the money you invest.

### How has the fund performed?

This section tells you how Advisor Series units of the fund have performed. However, this information is not available because the fund is new.

#### Year-by-year returns

This section tells you how Advisor Series units of the fund have performed in past calendar years. However, this information is not available because the fund is new.

#### Best and worst 3-month returns

This section shows the best and worst returns for the Advisor Series units of the fund in a 3-month period. However, this information is not available because the fund is new.

#### Average return

This section shows the value and annual compounded rate of return of a hypothetical \$1,000 investment in Advisor Series units of the fund. However, this information is not available because the fund is new.

## Who is this fund for?

### Investors who:

- are looking to invest their money for the medium term (at least three years);
- wish to add a source of interest income to their portfolio;
- are looking for an investment that provides both income and growth.

## A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan (RRSP) or a Tax-Free Savings Account (TFSA).

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

## How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Advisor Series units of the fund. The fees and expenses – including any commissions – can vary among series of the fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

### 1. Sales Charges

There is only the initial sales charge option available when you purchase securities of this Series.

| Sales charge option  | What you pay                   |                                      | How it works   |
|----------------------|--------------------------------|--------------------------------------|--|
|                      | In percent (%)                 | In dollars (\$)                      |  |
| Initial sales charge | 0% to 5% of the amount you buy | \$0 to \$50 on every \$1,000 you buy | <ul style="list-style-type: none"> <li>• You negotiate the fees with your representative.</li> <li>• We deduct the fees from the amount you are investing and pay it to your representative's firm.</li> </ul> |

### 2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns. The fund's expenses are made up of the management fee, operating expenses (including fixed administration fee) and trading costs. The series' annual management fee is 0.95% and fixed administration fee is 0.10% of the series' value. Because this series of the fund is new, its operating expenses and trading costs are not yet available.

#### More about the trailing commission

The trailing commission is an ongoing commission. It is paid for as long as you own the fund. It is for the services and/or advice that your representative and their firm provide to you.

NBI pays the trailing commission to your representative's firm. It is paid from the fund's management fee and is based on the value of your investment.

| Sales charge option  | Amount of trailing commission                          |  |
|----------------------|--|--|
|                      | In percent (%)   | In dollars (\$)  |
| Initial sales charge | Up to 0.50% of the value of your investment each year. | Maximum of \$5.00 each year on every \$1,000 invested. |

### 3. Other fees

You may have to pay other fees when you buy, hold, sell, switch or convert securities of the fund.

| Fee                    | What you pay   |
|------------------------|--|
| Short-term trading fee | 2% of the value of the securities you redeem or switch within 90 days of purchase may be charged by NBI. This fee goes to the fund.  |
| Switch fee             | There are no fees when you switch securities through NBI or National Bank Direct Brokerage (a division of National Bank Financial Inc.). If you switch securities through another representative's firm, you may have to pay fees of up to 2% of the value of the securities. You negotiate these fees with your representative.   |
| Conversion fee         | There are no fees when you convert securities through NBI or National Bank Direct Brokerage (a division of National Bank Financial Inc.). If you convert securities through another representative's firm, you may have to pay fees of up to 2% of the value of the securities. You negotiate these fees with your representative. |
| Other fees             | Registered Account termination fee, only if the registered investment account is with NBI. <span style="float: right;">\$100</span>  |

## What if I change my mind?

Under the securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund units within two business days after you receive a simplified prospectus or Fund Facts document; or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, Fund Facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

## For more information

Contact your representative or NBI for a copy of the fund's simplified prospectus and other disclosure documents. These documents and the Fund Facts make up the fund's legal documents.
