Meritage Portfolios® (the “Portfolios”) are managed by National Bank Investments Inc., an indirect wholly owned subsidiary of National Bank of Canada and sold by authorized dealers. Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus of the Portfolios before investing.

The Portfolios’ securities are not insured by the Canada Deposit Insurance Corporation or by any other government deposit insurer. The Portfolios are not guaranteed, their values change frequently and past performance may not be repeated.

The distribution amount for the FT and F5 series is said to be fixed for each Portfolio as it does not vary from one distribution to the next. However, it is not guaranteed and may vary according to market conditions. The Portfolios make monthly distributions at the end of each month. These monthly distributions are composed of net income and/or return of capital. A return of capital reduces the value of the original investment and is not the same as the return on the investment. Returns of capital that are not reinvested may reduce the net asset value of the Portfolio and the Portfolio’s subsequent ability to generate income. The amount of the monthly distribution per unit is reset at the beginning of each calendar year.
